

Material Safety Data Sheet (MSDS)

Company Name: Looney Bin Products Pty Ltd
Business Name: **Face Paints Australia**
Date Revised: 18th September, 2012

1. Chemical Product and Company Identification

DESCRIPTION: Face & Body Paints (FDA FSM-12, FS-6, FS-18 etc)
PRODUCT TYPE: Paste cake type paints.
APPLICATION: Applied with brush or sponge to face and body.

Manufacturer/Supplier Information

MSDS Prepared by:

Company Name: Looney Bin Products Pty Ltd
Business Name: Face Paints Australia
Company Address: Factory 6/1829 Ferntree Gully Road
Ferntree Gully Victoria 3156
Australia
Telephone: 61+3 9753 6023
Mobile: 61+402 130 235
Australian Poisons Centre: 13 11 26

2. Composition, Information on Ingredients

Paints formulation with Wax, Petrolatum, Glycerin, Calcium Carbonate, Stearyl Alcohol, Sodium Benzoate, Phenoxyethanol, Ethylhexylglycerin, Acacia Senegal, Dextrin, Water, Perfume Musk and Pigments (see below).

Pigments:-

Mica	C.I. 77019
Titanium Dioxide	C.I. 77891
Iron Oxides	C.I. 77491
D&C Red	C.I. 15850:1
D&C Red 6	C.I. 15850
D&C Black 2	C.I. 77266
FD&C Yellow 5	C.I. 19140
FD&C Blue 1 & 4	C.I. 42090
Ultramarine	C.I. 77007
Bismuth Oxochloride	C.I. 77163
Non-toxic Fluorescent Pigments	

Contains no hazardous ingredients.

3. Hazards Identification

3.1 Emergency Overview

Warning Statement: There are no particular hazards associated with this product.

Appearance: Colours Solid.

Odour: Mild Fruity.

Non hazardous.

Not a significant fire hazard.

Hazardous Materials Identification System (HMIS) Rating

<i>minimal</i>	<i>slight</i>	<i>moderate</i>	<i>serious</i>	<i>severe</i>
0	1	2	3	4
	HEALTH	0		
	FLAMMABILITY	0		
	REACTIVITY	0		

3.2 Potential Health Effects

Immediate Hazards:

INGESTION:	No hazards known
INHALATION:	No hazards known
SKIN:	No hazards known
EYES:	No hazards known

Delayed Hazards:

No hazards known.

4. **First Aid Measures**

First aid is generally not required.

Not every possible allergic reaction can be anticipated. In the rare event of a reaction the following guidelines are provided:

INGESTION:	If large amounts are swallowed give water to drink and immediately contact Poisons Information Centre, Australia 13 11 26.
EYES:	Immediately flush eyes with plenty of clean water for at least 15 minutes, lifting lid occasionally if required.
SKIN:	If irritation occurs immediately wash skin with water and a mild soap.
INHALATION:	Remove person to fresh air. Seek medical assistance immediately if there are breathing difficulties. If the person is not breathing commence resuscitation (CPR).

Advice to Doctor: Treat Symptomatically.

5. **Fire Fighting Measures**

Suitable Extinguishing Media:	Use water, dry chemical, carbon dioxide or foam.
Unusual Fire & Explosion Hazards:	No particular fire and explosion hazards associated with this product.
Flash Point	>150
Will not burn unless	> 250
Flammability:	This product is not flammable.
Hazards from Combustion Products:	Under fire conditions, toxic fumes may be emitted.
Warning Statement:	Product will burn under fire conditions, after the evaporation of the water component.

6. Accidental Release Measures

Protective measures

Personal: Children under 6 years should use with adult supervision.

7. Handling and Storage

7.1 Handling

Handle in accordance with good occupational hygiene and safety practices.

7.2 Storage

Store in dry, cool place, out of direct sunlight, with adequate ventilation.

8. Exposure Controls/Personal Protection

8.1 Exposure Controls

No special control measures necessary under normal conditions of use.

8.2 Personal Protection

No special protection necessary.

8.3 Exposure Guidelines

None established.

9. Physical and Chemical Properties

Percent Volatiles	<1.5% Water
PH @ 20	----
Specific Gravity	1.70±0.30g/ml
Appearance	Colours Solid
Melting Point	>250
Vapour Density (Air=1)	----
Vapour Pressure hPA @20	N/A kg/cm

Upper/Lower Explosive Limits	Not Applicable
Upper/Lower Flammable Limits	Not Applicable
Flash Point	>150
Freezing Point	----
Odour	Mild, Fruity
Solubility in Water	Soluble

10. Stability and Reactivity

Normally Stable

Conditions to Avoid:

Exposure in water or too wet.

Incompatibilities:

None known.

Decomposition products may include:

Calcium oxide, water, carbon dioxide.

Hazardous Polymerization:

Will not occur.

Other Hazards:

None known.

11. Toxicological Information

Conforms to EU 76/768/EEC.

Overall Toxicity Rationale: The raw materials used to formulate this product are all well known ingredients. They are present at typical concentrations where they are unlikely to cause irritation or allergy.

This formulation is typical of this product type. Products of similar composition have been widely used and well received in the market place. If used as directed, use of this product should be uneventful.

Effects of the product as supplied on the skin: The formulation as supplied may cause only minimal skin irritation even if exposure is prolonged and/or repeated. Repeated exposure to the formulation as supplied is unlikely to produce allergy by skin contact.

Exposure to this product is unlikely to result in phototoxic effect. Unlikely to cause damage to internal organs following absorption through the skin.

Effects of the product as supplied on the eye: Accidental exposure of the eye to the formulation as supplied may result in slight eye irritation.

Effects following ingestion of the product as supplied: The formulation as supplied if swallowed is unlikely to cause long term harm.

Effects of inhaling the product: Inhalation is an unlikely route of exposure.

Overall product safety statement: The ingredients are legally permitted as per EU Directive 76/768/EEC and its amendments.

12. Ecological Information

Avoid contaminating waterways.

13. Disposal Consideration

Dispose of according to Local, State and Federal requirements.

14. Transport Information

Road & Rail Transport (ADG): Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG Code) for transport by road and rail.

Marine Transport (IMO/IMDG): Not classified as a Dangerous Good according to the International Maritime Organisation Rules (Maritime Dangerous Goods Code – IMDG Code) for transport by sea.

Air Transport (ICAO-IATA): Not classified as a Dangerous Good according to the International Civil Aviation Organisation (ICAO) and International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air. Note: May vary from country to country.

Standard for the Uniform Scheduling of Drugs and Poisons (SUSDP): Not scheduled.

15. Regulatory Information (Selected Regulations)

15.1 US: Federal Regulations

These paint products conforms to the health requirements of ASTM D-4236 & US Food and Drug Administration (FDA). These products must bear the following statement: "Conforms to ASTM D-4236".

15.2 These paint products conforms to European Union Guidelines EU 76/768/EEC and CE EN-71.

15.3 These paint products pass – Bacteriological Analytical Manual (BAM), 8th Edition by FDA.

DISCLAIMER: The information contained in this MSDS is accurate to the best of our knowledge. Safety standards and Government regulations may change from time to time. The use, or potential misuse of this product is beyond our control and we make no warranty, express or implied, regarding the completeness or continuing accuracy of the information contained within this MSDS and we disclaim all liability for reliance there on. Users should satisfy themselves that they have all information relevant to their use of the product. As with every face and body painting products, it is not possible to anticipate all possible hazards, including allergic reactions. While these are considered unlikely, care should be taken in applying this product as we can not take responsibility for potential reactions.
